RUSSIANS ARE REPULSED WITH **HEAVY LOSSES**

Attack Japanese at Motien Pass With Twenty Thousand and Lose One Thousand.

(ASSOCIATED PRESS CABLEGRAMS.)

ST. PETERSBURG, July 19 .- Gen. Kuropatkin reports that Lieut, Gen. Killer lost over one thousand killed and wounded in the attack on Motien pass on Sunday.

BAD DEFEAT FOR RUSSIANS.

LONDON, July 19 .- The Russians attacking Motien pass numbered 20,000. The Japanese gallantly advanced and the invaders were driven back after an hour's severe fighting. Gen. Kuroki's losses were trifling.

RUSSIAN MAIL CAPTURED.

TOKIO, July 19 .- A Japanese torpedo boat captured a Chinese junk carrying mail from Port Arthur to Chefoo. Valuable information was gained.

THE LION WAKES UP.

MALTA, July 19 .- The British fleet has left for Alexandria, it is believed in connection with the Russian seizures of neutral vessels.

AFTERNOON REPORT.

TOKIO, July 18 .- The Japanese have repulsed an attack by Russians at Motien Pass.

ST. PETERSBURG, July 18.—Russia claims the right of her vessels passing the Dardanelles as merchantmen.

BERLIN, July 18.—The German Government has protested against the seizure of Japanese mails from the Prinz Heinrich by the Russian ship Smolensk.

ADEN, July 18 .- The Russians have detained the British steamer Persia in the Red Sea and transferred to her a part of the A portion of the captured mail has been confiscated.

ANOTHER NAVAL BATTLE.

LONDON, July 16 .- A naval battle is reported at Port Arthur. RUSSIAN FRICTION.

BERLIN, July 16 .- Serious friction between Viceroy Alexieff and General Kuropatkin is reported.

GEN. RENNENKAMPF WOUNDED.

ST. PETERSBURG, July 16.-General Rennenkampf has been slightly wounded in a skirmish near Saimatsze. The Japanese are still entrenching south of Tatchekiao.

NEWS BOAT CAPTURED.

SHANGHAI, July 16.-The Chicago News boat Fawn has been seized by the Russians and towed into Port Arthur.

A SOLDIER'S BRAWL.

TIENTSIN, July 16.-Two Frenchmen were killed and others wounded, nine Japanese wounded and a policeman hurt in a soldier's brawl at Shanghai-Kwan. Bayonets were used.

Shanghai-Kwan is a scaport on the Gulf of Pechili. It is situ- viadivostok. Mrs. Riggs left the Korea here and Mr. Afong departed for his home in the Far East at 6 o'clock last evening.

While in Hartford there was guite a reunion of Afongs, there being Toney, Albert, who is attending Harvard College, Mrs. Riggs and Chun Wing Sen Afong. It is the purpose of Mr. Afong her military system but no attempt to pass through Honolulu at least once has been made to organize a modern every two years during the school and

college course, to meet his son. He is still of the opinion that the Japanese will be victorious over the Japanese will be satisfied with Port Arthur but will endeavor to drive the

An awakened China, industrially and been attained by Japan. He does not politically, is what Mr. Toney Afong expect any change in the Chinese dyhopes for. It is his belief that the Chi- nasty as that would mean bloodshed, but reforms are coming, and would icans, among the most enlightened, is Mr. Afong was a through passenger frowned upon. There is little attempt

> Mr. Afong hopes to see a change and then there would be a glorious time in the Empire. If China is awakened and opens her vast territory to foreign trade, the stimulus to the world's commerce will be great,

The war between Russia and Japan will open the eyes of China and he believes that with this in mind the country will begin to see its advantages commercially. Mr. Afong sees no reason why China should not get out of orientalism as Japan has done. China has already begun to reform in navy.

Can't Bring Kerr.

United States Marshal Shine of San Russians. He does not believe that the Francisco has reported to Marshal Hendry of this city that habeas corpus proceedings have been instituted in behalf Russians from Manchuria and out of of prisoner Kerr who is wanted here

TATCHEKIAO, July 16 .- The latest reports are that the Japanese lost 25,000 and the Russians 5500 at the storming of Port Arthur on July 12.

DEMOCRATIC LEADERS CONFER.

NEW YORK, July 19 .- Democratic leaders are in conference here but have reached no decision as to the chairman of the National Committee. A meeting has been called for July 25, the committee being left with free choice as to the chairman.

FOLK FOR GOVERNOR.

JEFFERSON CITY, Mo., July 19 .- The Democratic Convention which meets today will probably nominate Folk for Governor on the first ballot.

MERCHANTSTO THE RESCUE NOW

A Spirited Meeting to Help This City's Business.

(From Saturday's Advertiser)

An important meeting of the Merchants' Association was held yesterday afternoon when matters affecting vital trade interests of the territory, the present business depression, loss of of war. population and discrimination meeting was largely attended, almost every business house of consequence ritorial treasury, and assistance being represented, and nearly every our agricultural and industrial in one participated in the debate.

The transportation and shipping report by the association's special committee, published in the Advertiser on Thursday, was the nucleus of discussion and as a result a strong committee will confer with the agents of the steamship companies and others interested in an effort to obtain relief for the community in general.

The local quartermaster's department of the United States army came in for criticism it being asserted that many people not connected with the army or navy have been in the habit of buying public stores for which they paid quartermaster rates, thus depriving Honolulu merchants of trade.

The meeting was held in the Association's new quarters in the Young building, and present were Chairman George W. Smith, Secretary Col. Soper, J. W. Waldron, T. F. Lansing, C. M. V. Forster of the California Feed Company; J. O. Lutted of the New England Bakery, W. W. Hall of E. O. Hall & Sons, Henry Williams of the Wil-Undertaking Company, J. Andrade, Club Stables; W. W. Harris of Lewers & Cooke, J. Steiner, E. A. McInerny of the McInerny Company, Ltd., J. Gartenberg, Capt. Soule of the Kash stores, John Soper of the Ha-walian News Company, E. Lewis of Lewis & Company, Mr. Lucas of May & Co., Mr. Brasch of Whitney & Marsh, C. C. Von Hamm of Von Hamm-Young Company, Mr. Wakefield, J. G. Rothwell of Pencock & Co., J. A. Gonsalves of Gonsalves & Company, Arthur Wall of Wichman & Co., I. S. Dillingham of the Pacific Hardware Company, R. H. Trent, Mr. Hocking of the Honolulu Brewing Company, J. Catton of Catton & Neil, H. W. Lake of the Young Hotel, E. M. Boyd of the Hawall Promotion Committee, CHAIRMAN SMITH'S STATEMENT.

The meeting was called to order by Chairman Geo. W. Smith, who presented the objects as follows: Gentlemen: It is a pleasure to note

so large a gathering this afternoon. We are here to consider some im-

portant matters affecting our interests, we hope for the better.

We are not moving in any way to antagonize any of the business interests of the Territory. On the contrary, we seek the co-operation of all interests with the end in view of bettering the financial and business conditions of the

We all know that conditions have been better in the past, we all know that conditions, at the present time, are very much depressed, we all hope that they will be better in the future, but hoping alone will not bring about, gentlemen, the situation we seek.

It is only by hearty co-operation, by the sinking of minor differences, by mutual concessions and an amicable understanding that we can bring together the elements that will conduce to a general prosperity. No element can afford to be ignored or antagon-

The Planter with his interests, the Sugar Factor with his interests, the Shipping man with his interests and the merchant with his interests and with which we here are more immediately concerned, must all be consid-

There is not one of the interests named but what would be benefitted by lower freight rates, by lower pasenger rates, by increased travel, by

an influx of new people. Prosperity for all is what we are seeking and let us use all legitimate means to attain it.

We have here all of the essentials that go to make a prosperous com-We have scenery, climate, lands and other natural resources

We have transportation facilities, hotel accommodations, mercantile establishments and all that go to make prosperous community on the main land; yet, we are suffering from a depression the causes of which are various and on which all of our citizens do not agree.

Let us hope that from this meeting we may take a better understanding, greater hope and a stronger determination to bring back that which we have lost and to build a firm foundation on which to erect prosperity and

GOVERNOR'S REQUEST.

A letter from the Governor, request ing data to be embodied in a report to Washington was read as follows: EXECUTIVE CHAMBER, HONO-LULU, HAWAH.

July 5th, 1804. George W. Smith, Esq., President Mer-

chants' Association, Hanolulu. Dear Bir In the preparation of his achual report to be sent to Washing-ton, the Governor feels that he can eath apon the Merchantz Association for support in making stoning recommends attons that may tried to become a time wholesale and retail business of this

Should you feel that there has been depression in business here recently, you will be able to state the cause, and undoubtedly suggest the remedy. If we can properly ask Congress to assist us in removing the cause, let us all co-operate in the strongest possible manner to this end, acting later

through our delegate to Congress when that body meets next December. By its assistance given us in the Fire Claims, by taking over the lighthouses, by experimental agricultural work, by eatablishing a Federal meteorological bureau, and in other ways, the govern-ment has shown a disposition to aid

and take interest in the Territory. In other directions it is believed that further assistance can be secured which will relieve the drain upon our Territerial revenue possibly enabling a later reduction in our system of taxation, or enabling the use of much of our revenue for internal improvements which it might not be proper to ask Congress to undertake.

It seems to me that you can dwell strongly upon the value of the transport service and the great help that the retail business here has derived from the arrival of the American ships

Will you kindly take this subject in steamship companies against Hawaii to consideration and make your recomwere considered and discussed. The mendations as strongly as possible with the idea of securing relief for the Terour agricultural and industrial interests, and other subjects that will promote business here and tend to stimulate trade in all its channels.

As complaint has been made from Washington that former reports of the Governor have been sent from here at too late a date, will you kindly give this subject your earliest attention and

Yours very truly, A. L. C. ATKINSON, Acting Governor. WHAT MEMBERS SAID.

C. M. V. Forster-'I would suggest that a committee of three be appointed to draw up resolutions to be reported to the Association as a whole."

J. O. Lutted-"I think the committee presenting the report on the shipping matter has done so well already that it could take hold of this matter also and carry It through."

W. W. Hall-'I favor the idea of a report. Of course suggestions could be

I. S. Dillingham-"I think one of the great troubles is the policy of people here importing direct from the coast, instead of purchasing through the merchants. In our business I find that is the root of all the evil. Every steamer that comes in on the American-Hawallan steamship line brings in imported goods for plantations on this island, namely, Ewa, Waialua, Hono-lulu and Oahu. If there is any way to prevent that then we may expect to

derive benefit, "Of course the Honolulu plantation is obliged to buy on the coast because the majority of the stock is held there. know of a case where goods were im ported last week, we could have sold cheaper than the price they paid for importing. It seems to me to be a craze more than anything else. I beleve if we can stop this we will all do much better business,"

W. W. Hall-"I know of instances where the plantations have imported goods for a year's supply, but in the end, from deterioration and other causes, the goods cost them as much as we would have charged for them. If they would patronize the Honoluiu merchants it would make a better feel-

E. A. McInerny-"I think the sugestion of a committee is good. That us members and firms here for an-

here whenever possible, but of course this could not be entirely expected of plantations whose stock would be controlled on the coast."

Edgar Lewis-"Mr. Pollitz told me take this very matter before the boards | son of directors of Paahou and Hutchinson plantations and he felt certain that goods for those plantations would be purchased in the islands.

When the last American fleet was here I was informed that 300 tons of freight came here from the coast for the warships. I think if we took this matter up with the authorities Washington we could have it arranged that the vessels should purchase supplies needed when in Honolulu."

Mr. Hocking-"I would suggest that attention again be called to the practice of having transports coal at Nagasaki instead of at Honolulu. ought to coal here—an American port—and stop longer. They stop a long time in the Japanese port."
Mr. Gartenburg-"We need co-opera-

tion here if only for one thing. The Portuguese are leaving here in great numbers by every steamer and about a thousand have gone away in the past two years. They are quite a vital element to trade here, being of class that spends its money in the ommunity.

Chairman Smith-"Mr. Gartenburg has pointed out a very important matter. The loss of our population is one of the most vital matters to which we in put our attention."

James Steiner-"There is one thing which affects retail merchants. have a great amount of peddling from ouse to house of imported goods. This interferes with legitimate business, of firms that pay taxes, rents, clerk hire and many other expenses."

Chairman Smith-Peddiars are sellby dry-goods, etc. They should come shor the provisions of the license tax

Mr. Herndt-"The key-note of the whole discussion, it seems to me, is the

Lewis-"During the stay of the

the Custom House revenue. Federal Government is not spending enough of those receipts in this Territory, commensurate with the profit it derives. Hawaii exports about \$30,000, 000, and the United States receives \$1,-509,000 approximately, or about five per cent of our total exports, and practically has spent nothing here. In a letter to the Federal authorities we

ought to drive that matter home."
Mr. Lucas-"In all these matters should all work in harmony and we would get along pretty well."

Mr. Wakefield-"I agree with Mr. Harris. Money from the Customs House and Postoffice receipts should be expended here. The harbor needs large expenditures of money to make it satisfactory to the entrance of large vessels. The matter of Federal buildings needs attention. There is the Pearl Harbor naval station to urge along."

Mr. Dillingham-"Is the Quartermaster's Department of San Francisco allowed to ship goods to the Quartermaster Department here?"

Mr. Harris-"I know they have shipped groceries here. In connection with the proposed erection of buildings on the Kahaulki army reservation, Captain Humphrey, the new Quartermaster, said the other day to Mr. Catton and myself that local bidders would be given every opportunity to get contracts, but being Federal jobs, he could not discriminate against mainland bidders." Mr. Dillingham-"Every transport that comes here from the coast brings many goods for the local Quartermas-

ARMY SUPPLIES OUTSIDERS.

Mr. Lewis-"The Quartermaster Department does ship goods down here for army use, and not alone that, but are selling goods to local people not belonging to the army. How can we, as merchants, who pay taxes and have large expenses, expect to make anything when the army sells to out-siders over our heads. That is being done right along. We have never before made a kick against this. I can prove this. This is detrimental to local retail business and should be stopped. We are put to big expense and should be protected."

Mr. Lewis concluded his statement regarding the sale here of army sup-plies by saying: "This sale is not confined to people in the army. I am satisfied that I can be backed up in this statement by other people in my same line of business. It is done by people ers. in the department for friends. The goods are not sold directly to the outsiders but through the army people. This is not only true of the grocery

business, but of other lines." Mr. Waldren-"I move that a committee of five be appointed to make note of these various suggestions and make a report to answer the Governor in ten days."

The motion prevailed and the chair appointed the following committee: J. W. Waldron, chairman; E. A. Mc-Inerny, I. S. Dillingham, Edgar Lewis, A. Gartenburg.

ROTHWELL ON SHIPPING.

J. G. Rothwell was called up to make statement relative to the report on freight and passenger rates to and Thursday's Advertiser. He went into Merchants' Association. the matter exhaustively, He stated that the report was published in advance of the meeting in order that all firms connected with the Merchants' Association could acquaint themselves thoroughly with the subject before coming to the meeting.

"The report presented for considera tion," said Mr. Rothwell, "is one which was adopted by your committee. There may be a great deal said in support of thought should be used for the main-these recommendations, but it is a quesbody might also draw up a series of tion, whether at this particular time questions and present them to the vari- it is advisable to bring out all the arguments that might be used.

wers to be put in writing."

"The first matter that appealed to Mr. Dillingham—"I spoke to Mr. Ir- your committee was the question of present policy towards the islands they necessity during the period of probation She is win about this plantation matter, and be said he had given instructions for ent discrimination is shown against hope that speedy measures would be plantations in his agency to purchase Hawaii. It is not yet clear to your taken to relieve a critical condition. committee why passengers paying for round trip tickets to San Francisco nancial condition but of the labor state. should pay forty-seven per cent more. He said he had inspected some of the than otherwise. also mentioned the particular steamwhen he was last here that he would ship company, principally for the reaschedule rates on which they are run- now.

ning their local boat. "Honolulu has supported a local steamship for more than twenty years, reference being made to that of the Oceanic company. For a good many years a subsidy was paid by the Hawallan government to the steamship company to keep this boat running as local steamer. There is a subsidy paid now by the United States govern ment for this special service. The point is that this particular steamer is running full of freight both ways all the time, and for a great deal of the time, with passenger lists full. It is a proper question for the merchants to ask why they should pay forty-seven per cent more than the rate to Tahiti and other

ports in the Pacific. "Your committee further recommends that negotiations should be entered into with the Oceanic Steamship Company because they might be the first to meet conditions. In former days our profits were of much larger dimensions than now, but the earnings have been greatly cut down, and in reality to the minimum. Steamship rates. however, have been raised. The suggestion is to negotiate through the Oceanic company for reduced passenger

rates. "A prerequisite to obtaining either a new vessel, or securing a definite contract, would be some arrangement by which we are enabled to get them return freight. There appears to be no difficulty in getting freight down here. The whole question involved is, now shall we get them return freight. Two or three vessels have endeavored to run between here and Puget Sound ports. but thy have always falled for want of return freight.

APPEAL TO PLANTERS

"It is proposed to your committee that representations should be made to

The lieves that the Planters' Association governing passenger traffic between adding should see that it is fair for them to ports of the United States in and during render some slight assistance.

"An appeal was once made to the Planters, and the indication was that 1898, being an "Act to amend the laws they did not wish to participate in the The sense of their reply was practically, 'We will attend to the sugar business and you attend to your own business,'

UP TO ELECTORATE.

"Your committee suggests also to appeal to the electorate of the Ter-I wish to say that this Association has no idea of going into poli-tics or to affiliate with any political party, but in this matter there is only one way to obtain relief and that is through a subsidy sufficient to give us a local boat or one that will be under contract to carry passengers at a satisfactory rate. I suppose that it is fair and proper to say that no man should be elected to the legislature unless he will support a subsidy measure created for the purpose we desire.

"If this is done there will be no ques tion about every one subscribing to this fund. It should cover a rate for properly advertising the Territory. There is a good thing for the town if we can once induce tourist travel this way.

"The suggestion is made to form a local company strong enough to pur-chase its own vessel. It is a feasible proposition."

LOCAL STEAMERS HIT.

Mr. Hocking called attention to the local inter-Island steamer service. local steamship companies should be tackled, especially on freight rates to and from the other islands. People on the other islands have spent a good deal of money in raising fruit and vegetables, but have been driven out of business by the high freight rates.

"The local steamship companies have driven more trade away from Honolulu than anything else. They carry on a business in an independent manner and they don't seem to care whether they your freight or not. The Merchants' Association should take up this matter. They don't care for anything as long as they have sugar to carry On Kula, Maui, there was once quite a colony of farmers raising potatoes principally, but they have been driver out of business. There were no facilities for storing their shipments, no wharves to work from and poor accommodations for their wares on the steam-

Mr. McInerny moved that a committee of six be appointed to carry out the recommendations named in the Rothwell report. Mr. Rothwell asked to be left off the committee but owing to his thorough knowledge of the subjects contained in the report he was prevailed upon to remain with the committee, which was named as follows:

J. G. Rothwell, chairman; A. Hocking, J. O. Lutted, J. A. Gonsalves. E. Berndt, J. F. Soper and Geo. W. Smith. SENATOR HEMRICH'S LETTER.

The secretary read a letter written by State Senator Hemrich of Washington to the Hon. Levi Ankenny, U. S. Senator from Washington, calling attention to the needs of Hawaii. Senator Hemrich visited Honolulu several from the coast, which was published in months ago and was entertained by the

He called attention to the depressed state of business affairs in Hawaii. governments had formerly enjoyed an income of about \$1,500,000 from Customs duties and postoffice receipts, and although goods from the mainland came in free there were still a large amount of goods from foreign countries on which duties were collected, which he bureau, dredging and maintenance of of that defined by the statute would the harbors, agricultural stations and be sufficient to deter any intending public buildings. He thought that if passenger from this port leaving on The committee has plantations and he was positively convinced that no white man would seek employment in the cane fields, even if that this report was based on their the wages were double what they are

He believed in the system of labor employed during the days of the Provisional Government and Republic. The system of coolie or contract labor placed the plantations on about the same footing as those in the South and in Cuba employing negro labor. Since the abolition of the contract system farm labor is almost as high as in the States, absorbing practically the entire income, and in some cases the plantations were being operated at The islands should be treated as a colony. England had, after years of experience, come to the conclusion that was the best way to manage its possessions.

TAXING MERCHANDISE.

A question arose as to exhibits of corporations to be filed with the Treas-There were fifty-two firms which had not complied with this law. It was shown that outsiders frequently made use of these exhibits much to the detriment of the business of various firms In one case some one wanted to sell to a certain firm here the corporation exhibits of two other firms in the same line of business.

The question of tax reductions came up and it was finally decided to see the Tax Assessor. Mr. Wakefield and Mr. W_r. W. Hall were appointed a committee to confer with Mr. Holt,

LETTER TO CORTELYOU. The following letter to Secretary Cortelyou was read:

Honolulu, Territory of Hawaii,

To the Honorable, The Secretary of Commerce and Labor, Bureau of Navigation, Washington, D. C. Through E. R. Stackable, Esq., Collec-tor of Customs, Honolulu, T. H.

Sir: The understyned, by direction of the Merchants' Association of Honolulu.

periods of emergency.

relating to Navigation," which was put into effect in this Territory on June 14, 1900, there is a statutory penalty of \$200.00 (Two Hundred Dollars) for each passenger transported and landed between ports or places in the United States in foreign vessels. The enforcement of this statute, by reason of conditions below mentioned, is causing serious loss and damage to this Territory and its citizens.

It is submitted that, with the exception of one vessel, the "Alameda," of the Oceanic line, plying between Honolulu and San Francisco, all passen-ger travel between Honolulu and Pacific Coast ports is of necessity carried by steamships running through to points in China and Japan, or to the Australian Colonies, no reservation being made for Honolulu passengers beyond what may be available on arrival here en route to the terminal ports.

For some time past these vessels have been so crowded with through passengers that it has been almost impossible to obtain passage no matter how urgent the occasion.

In view of anticipated additional through travel to and from the St. Louis Exposition during the coming months. covering a period in which local travel between Honolulu and San Francisco is always largely increased, it is submitted that these conditions of congestion are certain to be augmented, with the result of serious consequences to the people of this Territory, both from sanitary and financial standpoints. There are few individuals, or invalids, whose immediate departure is necessary, or ordered, who can afford to deposit, or who can by any means de-posit, the sum of \$200.00 in addition to their fare, in order to go on a foreign vessel, and without this deposit it is now impossible for the large majority of Honolulu passengers to leave for mainland points at a given or within a reasonable period of time. It is need-less to assert that in most cases such a penalty is entirely prohibitive.

Heavy loss also accrues to the merchants and retail dealers of this Territory from the fact that intending tourists will not stop over as soon as they learn that no opportunity of proceeding on their journey is guaranteed. particularly as all steamers that are able to carry passengers without penalty are booked several months ahead.

Wherefore, while this Association does not, and cannot ask, that the provisions of the above section of the statute be permanently waived or suspended in any of its requirements, we do most respectfully ask and petition that the peculiar conditions arising from our isolated situation, and the conse quent difficulties of travel, be taken into consideration, to the end that if possible a sufficient and adequate modification of the penalty of \$200.00 be made pending a return to a normal status of travel, or until adequate facilities are forthcoming, in order to admit departure of those of our citizens whose health or business demands their visiting the mainland, even if by foreign steamers, this modification to remain in force until such time as it is possible for the ordinary and available means of travel to insure passage to the Unit-He said the Provisional and Republic ed States from the main points in this Territory without unnecessary and costly delay, the term of continuance of such modification to be determined by your representative officer at this port, or otherwise, as you may deem more expedient.

It is further respectfully represented that this being now an American community a penalty equal to ten per cent as above

We solicit your earnest consideration Yours respectfully,

TWO HOUSES WERE BURNED TO GROUND

(From Saturday's Advertiser) The small boy who delights to follow The small boy who delights to follow the fire engines had plenty to take up the time vertex by Training School for Nurses, is entitled his time yesterday. The first alarm sent in was from box 93 for a fire in the residence of Charles Moore on Lunalilo street opposite Kewalo at one o'clock in the afternoon. The Makiki engine company responded. Some difficulty in getting up steam and a lack of water hindered the firemen but they succeeded in confining the fire to the upper story which was entirely gutted. Most of the furniture was saved.

Mrs. Moore was alone in the house with a Japanese servant. gasoline heater in the bathroom upstairs and then went down to practice on the piano. A few moments later she heard an explosion and rushed upstairs to find the bathroom in flames. The house was a two-story structure

and was recently sold by Mr. Moore. It belongs to the estate of C. Notley and was insured for \$2500 in the St Paul Fire and Marine Insurance Com-Mr. Moore rode out to the fire on

a bicycle and on learning that it was his own house was prostrated. He has been suffering from heart trouble for some time. Mrs. Moore was also prostrated by the shock.

W. C. Crook, of B. F. Dillingham & was a roomer in the house and lost all his effects.

THE SECOND FIRE.

Kendall Said to Be No Taxpayer Though He Sued as Such.

(From Saturday's Advertiser)

On account of the disqualification of Justice Hatch, Chief Justice Frear and Justice Hartwell called Circuit Judge Gear to sit with them in the Supreme Court yesterday for the hearing of de-fendant's appeal from an injunction granted to Herbert Kendall vs. C. S. Holloway, Superintendent of Public Works, and Lucas Brothers whereby a contract for Lahainaluna buildings was enjoined. Ballou & Marx (formerly Hatch & Ballou) appeared for the plaintiff, and M. F. Prosser, Deputy Attorney General, for the Superintendent of Public Works.

Lucas Brothers a few days ago discontinued their appeal, which, as it was virtually their own case so far as actual interest went, might have been expected to dertermine the proceedings. Prior to that move on their part, Lucas Brothers, or rather one member of the firm, had brought a suit to enjoin another Public Works contract on practically the same grounds as their own contract for Lahainaluna buildings had been enjoined. These were alleged uncertainties in the specifications and lack of equal information and notice to all the bidders. When the Lahainaluna case appeal came forward in its turn at the present session of the Supreme Court, under the cir-cumstances just described, Mr. Holloway was prepared to fight the appeal out on behalf of the Territory.

Mr. Kendall brought the suit as a taxpayer who was aggrieved at a con-tract alleged to be illegal, his other allegations showing him to have been a disappointed bidder for the job. The Superintendent of Public Works now attacks him on the question of his standing as a taxpayer. It is declared in open court that Mr. Kendall is a leaseholder of real estate on which he has not paid taxes, also that he has not even paid his personal taxes due to the Territory.

THE TRAINED NURSE.

HER STRENGTH SOME-TIMES TAXED BEYOND LIMIT.

A Graduate of the New York Training School Tells How She Recuperates After Heavy Strain.

The trained nurse plays a very important part in the modern treatment of disease, greatly to the relief of both doctor and patient. Because she is well disciplined she is able to perform difficult service and to endure fatigue in a manner that excites admiration and

She is human, however, and in trying cases the demands upon her strength of the above statement of prevailing prove excessive. She fulfils her duty conditions here, and again respectfully nobly to the last moment but, as soon coliciting your favorable action, remain as she is relieved she is compelled to build up her own weakened powers. She naturally wants the remedy that will restore her efficiency in the shortest possible time, and, as her knowledge of medicines is wide, her choice is likely to be a sensible one and a remarkably good guide for everybody else.

Every word of the following careful statement of Mrs. Jessie M. F. Cummings, of 61 Whitmore street, Hartford, to the weight which attaches to the ut-

terance of an expert: "Several months ago," said Mrs. Cummings recently, "I was completely worn out as the result of a very serious and trying case I had attended. I needed a tonic, and so I got six boxes of Dr. Williams' Pink Pills for Pale and took them faithfully. I obtained the good from them I expected to, and I can say with truth and pleasure that the remedy is a splendid tonic for woman's nerves."

The soundness of Mrs. Cummings' opinion is confirmed by the experience of numerous sufferers from nervous disorders of every kind and degree, from simple debility to partial paralysis. Dr. Williams' Pink Pilis have cured obstinate cases of paralysis and even locomotor ataxia, the most frightful of all diseases of the nerves.

They check waste and begin to minister a fresh and lasting vitality at once. They are sold by all druggists throughout the world. A booklet giving infor-mation of great value in the treatment of nervous diseases will be sent free on application to the Dr. Williams Medicine Co., Schenectady, N.

************* It is thought that a lamp in one of the children's bedrooms ignited a curtain and caused the fire. GAY ESTATE PAYS WELL

Other Matters Shown On the Judiciary Records.

(From Sunday's Advertiser) Hermann Focke and Cecil Brown, trustees of the estate of James Gay, deceased, have filed their ninth annual account. It shows receipts of \$10,751.23 and payments of \$10,524.28, leaving a balance due the estate of \$226.95. The petition for approval of account con-

The general expenses at the ranch in Waialua have been \$1836.53. In addition to this amount the further sum of \$1405.83 has been expended in clearing the land of lantana. The amount spent between the same periods from 1902 to 1903 for a like purpose was \$2420.86.
"The amount of sugar received from

tains the following statements:

the Waialua Agricultural Co. has been 1994 bags, of which 1860 bags have oven shipped to New York and for which no returns have as yet been received, the balance is on hand and unshipped, the estimated value being \$7000. The value of the sugar to be received from Ookala Sugar Co. is estimated at about

"In the ranch department the live stock, after deducting those sold and what have died, show that there are on hand in the neighborhood of 325 head of cattle, large and small, 14 head of horses and one mule."

An addendum to the balance sheet

"Quite a number of cattle were drowned and washed into the sea during the heavy storm and flood in February, 1904, whilst several herd were hiding in the lantana on the day of the drive and were not included in the

Heirs of the estate received during the year \$4672.68, and the balance on hand is just \$6.87 in excess of the balance July 1, 1903.

YOUNG NAP'S ALIAS.

Holmes & Stanley and Thayer & Hemenway, attorneys for plaintiff, file a replication to the plea in abatement of defendant in the suit of Hoffschlaeger Co., Ltd., vs. Young Hop Chan, alias Young Nap. They say plaintiff is ready to verify the statement "that defendant Young Nap has been known under the name of Young Hop Chan, and that for a long period said defendant Young Nap has been doing business under the name of Young Hop Chan.'

FORECLOSURE SALE.

An order of foreclosure and sale has been made by Judge De Bolt in the suit of Victoria Waru vs. Alapake Kauwe. The property consists of fish pond and sait basins at Kukulua-o, Honolulu, containing an area of one and eight-tenths acres. Kinney, McClana-han & Cooper appeared for plaintiff. COURT NOTES.

In the divorce suit of Lono Keanini vs. John Keanini, it is ordered by Judge De Bolt that the respondent do forthwith deposit in court the costs in the sum of \$20 and the further sum of \$50 to be paid to J. Alfred Magoon as attorney's fee for complainant.

A motion is filed to place the appeal of plaintiff in the assumpsit suit of Thomas Mullen vs. John Walker on the Supreme Court calendar. Stewart says that the case can be presented to the court within fifteen minutes, as the only issue it involves is whether the copy of the summons is amendable under Act 78 of the Session Laws of 1903.

Lah Leong prays that he be appointed administrator of the estate of Chung Yee Seong, deceased, of whom he says he was the friend and employer. The heirs at law are Tom Shee, widow, and three brothers of deceased, and the estate consists of a bank deposit of \$400.

Thayer & Hemenway enter their appearance as attorneys for The von Hamm Young Co., Ltd., in the suit brought against it and Honokaa Sugar Co., Ltd., by Young Hin et al.

Hilo News via Iowa.

Iowa people are greatly interested in watching a contest which may result in the selection of an Iowa man as federal district judge for Hawaii. This is Hector L. Ross, a former student at the State college at Ames. He went to Hilo three years ago and commenced the practice of law. There is a fight on for appointment of a federal judge, as charges were filed against Gilbert F. Little, the present judge, who sought reappointment. It was alleged he had obtained membership in the Grand Army of the Republic on false pretenses, and Carl S. Smith, a resident of the islands, was brought out as a candidate in opposition. Now an effort is being made to effect a compromise with Ross as the candidate. Iowa politicians have been brought into the controversy.-Des Moines corr., Daily

THE PARKER RANCH LITIGATION AT KAILUA

Samuel Parker, Fred. Wundenberg and tate. Eben P. Low, pending at Kailua before Judge Matthewman, since the last report in the Advertiser, the following

Proceedings have occurred: On Monday, July B. Henry E. Highton, on behalf of the defendants, filed the verifical polition of Eton P. Low. requesting instructions to the receiver.

ker, a minor, under the appointment of Judge Gear, for the purpose of preparing for the trial of the proceeding at Honolulu for the removal of Alfred W. Carter, guardian of the minor's estate; and, second: as the representative of Samuel Parker, in reference to his interests. This matter was set for Wednesday, July 13, at 10 a. m., and the attorneys of Mr. Carter were notified by wireless telegram. It was claimed by Eben P. Low that F. W. Carter, the brother of the guardian, was, notwithstanding the appointment of the receiver, still practically acting as the manager of the ranch, the books of which and all its facilities were at the service of A. W. Carter, guardian, and his attorneys, while Colonel Parker and his co-defendants were deprived of access to them. Mr. Low, however, while presenting his claim, expressed his confidence in the integrity and fairness of the receiver, E. E. Conant, who had applied to Judge Matthewman for instructions.

On Wednesday A. A. Wilder, of Robertson & Wilder, filed several affidavits in opposition to the application and also showing the commencement of an action at Honolulu by Samuel Parker, as survivor of the firm composed of himself and John P. Parker, deceased, against the Metropolitan Meat Company, Limited, to recover \$26,252.39 for beef cattle sold by the Parker Ranch. This action does not represent any controversy with the corporation, which is simply in doubt as to the party to whom the money should be paid, but the difficulty between Colonel Parker as survivor and A. W. Carter as guardian. The question of the examination of the books and an order to show cause addressed to the respondents, after discussion between Mr. Highton and Mr. Wilder, were set for hearing at Kohala on July 27, on which date the term of the Third Circuit Court at that place commences.

The application of the receiver for an enlargement or broader definition of his powers, so as to cover the selling of cattle and the collection of money, was partly considered by Judge Matthewman on Thursday last at Kallua, and its further consideration was postponed until the following Saturday, Mr. Highton filed an answer for the respondents, in which they denied the right of the receiver to collect for cattle sold before his appointment, but conceded that, while the receivership lasted, the business of the Parker Ranch should be conducted in the usual way. There is one item of about four thousand dollars in the action brought here by Colonel Parker, which it is claimed represents cattle sold by the receiver himself. Upon that point and on the other sales, the affidavit of the receiver as to the dates and figures of each shipment is to be produced.

Mr. Highton insisted on Thursday that any sums due for cattle shipped on and prior to July 13 should be settled in the action-at-law in Honolulu. Mr.

Maydwell appears for the receiver. A motion to substitute the United States Fidelity Surety and Trust Company of Baltimore for H. E. Cooper, as surety on the receiver's bond for \$50,-000, was also set for Saturday. Mr. Highton filed written objections.

JUDGE PARSONS IS DISQUALIFIED UNWIELDY PRECINCTS

MODEL HOMESTEADS IN WAIMEA DISTRICT

Rough and Rainy Trip of Land Commissioner Pratt--- The Territory Wronged in Hilo Land Transaction.

Lands, returned in the steamer Kinau Waimea, where the homes of the set-from a visit of ten days to Hawaii tlers are as nice as can be seen anywhich was crowded with business of his department. He brings a cheering report of homesteads on that island. In Hilo Mr. Pratt, at the instance of the Board of Trade of that town, started an official investigation of a land transaction having the appearance of wrong done to the Government, with the result that the matter is to be referred to the Attorney General for taking proceedings, if there is law for it, to recover valuable property for the benefit of the Territory.

Commissioner Pratt, complying with a request for an account of his trip in general, made a statement as follows:

"I landed at Mahukona on the 7th and that day inspected the homesteads above there in the mountains. The same afternoon and evening I drove over to Walmea and on the \$th went through the Pukapu homesteads. That afternoon I drove down to Honokaa.

"Next morning I went through the Ahualoa homesteads, upper and lower, above Honokaa. That afternoon I traveled through to Hilo, arriving there Saturday night at 9 o'clock.

"It rained nearly all through the journey on horseback and in wagon. I was thoroughly drenched and had my

aneroid spoiled by wetting.
"I spent the week in and about Hilo. Accompanied by Geo. H. Williams, sub-agent, and A. B. Loebenstein, surveyor, I inspected the Punahawai homesteads on the Kaumana road.

"There was a bad mix-up at Hilo to be investigated. This had reference to the Lyman right of purchase which was issued at a ruinously low appraisal. My attention had been called to the matter by a protest of the Hilo Board of Trade. There is a full report of the affair in the Tribune. The land was appraised at \$3 an acre, when It was easily worth \$15 to \$20 an acre.

"The trouble arose from not knowing where the lines were. Mr. Williams had to go by old maps that are incorrect. I shall put the matter in the hands of the Attorney General to see whether the lease cannot be canceled. "Generally speaking," Mr. Pratt said in answer to a question, "the homesteads are in very good condition, This Act had been observed.

J. W. Pratt, Commissioner of Public is particularly the case with those in where. Corn and vegetables are thriving beautifully, and flowers abound everywhere. All the crops are doing well except Irish potatoes, which have been ruined by a black blight. Otherwise the homesteads are model in every respect.

"Preliminary arrangements have been made for the appointment of a new appraiser in Hilo district. application was received for the position, the applicant being recommended by the Board of Trade.
"It was a rough trip and raining

most of the time." According to the protest of the Board

of Trade, made through its president, E. N. Holmes, a right of purchase lease was granted to Eugene H. Lyman for 97 acres of land, fronting on Kaumana road almost within the city limits, at \$3 an acre. The tract adtoins land of William Kinney for which the owner had been offered prices ranging from \$20 to \$50 an acre. Mr. Kinney's land, indeed is assessed at \$60 an acre and it is stated that he lately sold lots of about an eighth of an acre in size for \$92 each.

"It is true," one complainant said, "that some of Mr. Kinney's land is bet-ter than the lots transferred to Mr. Lyman, but the greater part is the same," and Mr. Holmes says in his letter: "The fact that the lots herein referred to are only two and one-half miles from the center of Hilo and at an altitude of several hundred feet makes the land very desirable for residence purposes and for this reason valuable, not only to the Government but to the citizens here who have few opportunities of purchasing residence lots in the suburbs without paying exorbitant prices for them."

Mr. Pratt stated at the meeting that he had not been able to find any record of an application for the land prior to that of Mr. Lyman. Sub-agent Williams first reported to him that the appraisement was \$1 an acre and suggested a reappraisement, which had been made with the result of a valuation of \$3 an acre. In making the lease all the requirements of the Land

SHOULD BE DIVIDED

Radukal vs. Remilia Holt. Ejectnent. M. V. Holmes vs. M. F. De Mello. First and Eighth of Fourth District, and Seventh cisco that Wray Taylor is now organist in a church in that city. of the Fifth Cover Too Much Ground---Work of Registration Boards.

of persons eligible to vote at the November elections. The various registration boards will begin their duties on September 1 and keep the books open until October 14.

The matter of registration in Honolulu brings up the important question of whether or not some of the big, un-Fifth Districts should be divided for the sake of expediting voting and giving every qualified voter the opportunity of casting his ballot.

One of the districts which party workers are of the opinion should be divided is the First of the Fourth District. This precinct now takes in the Koko Head end of the Island from Waialae to Punahou street, including Waialae, Moiliili, Walkiki, Punahou, Pawaa, Manon and College Hills. The voting has usually taken place at Cummins' place on King street, Pawaa. The distances travelled over in this precinct to reach may ask him as to his qualifications, the voting booth are said to be too

Another precinct said to be too large is the Eighth of the Fourth District. voters to register, but at present is said Sometime since the Second precinct was divided into what are now known as a slip is handed to the prospective voter Second and the Eighth precincts. The Eighth is still considered to be too large. It takes in the section from Phikoi street to Alakea street, and from the top of the mountain ridge to the which includes a large section of Makiki, Kewalo and Kakaako. In the two elections already held in this pre-cinct there was trouble in keeping the voting going ahead that all might

The Fourth precinct, Fourth District, is another section having a mass of voters and the suggestion is made that it should be divided. The last registration gave the Fourth precinct about mon voters.

The Seventh precinct of the Fifth District is also a cumbersome section. There has always been frouble there AND OTHER ITEMS

And it has been me known as the "Pighting Seventh." All the voters count coat their hultors in the time short as the registration board for trains some tonings of fuller bludges. W. J. Co. A. J. Watt, head luna for a great many years on Honokaa plantation. has accepted a similar position on Olaa plantation.

DRANK A BOTTLE OF OPIUM TINCTURE

Almost a tragedy occurred last Monday morning in the Auerbach residence on Beretania street and but for the prompt response of a physician the coroner would have had a mysterious case upon his hands. The parties concerned left the city on a sailing vessel last Friday.

About a month ago a California lady, once well known in musical circles because of her rare contralto voice, but for the past six years an invalid, came to Hawaii for the benefit of her health. She was accompanied by a nurse who has been her almost constant companion during this long period.

The ladies secured rooms in the Auerbach house and the invalid made friends with all who came to know the nurse, many persons forming a dis-like for her. The invalid had occasional "bad spells," at which time she became very weak, and practically knew nothing of what might be going on about her.

Those who shared the same house with the nurse thought her to be peculiar and it was believed she used drugs.

On Monday morning the patient was aroused by peculiar actions on the part of the nurse, and it was apparent that the latter was in need of medical aid. Either accidentally or intentionally she had swallowed the entire contents of a bottle of tincture of oplum. She became unconscious but in two hours' time, through the unremitting efforts of a physician, she was brought back to consciousness. The theory that the woman was addicted to the use of Grugs seemed to be proved, as the a-mount swallowed from the bottle, under ordinary circumstances,

have killed an unseasoned person, The invalid was thrown into a fever from which she only regained her wonted strength on Thursday, Friday, still in a dazed condition, she was taken aboard the vessel. The nurse had entirely recovered from the effects of the drug.

Wray Taylor.

FOUNDED IN HONOUR. No doubt you have seen in the

papers such announcements as this concerning some medicine or other: "If, on trial, you write that this medicine has done you no good we will refund your money."—Now, we have never had reason to speak in that way concerning the remedy named in this article. In a trade extending throughout the world, nobody has ever complained that our medicine has failed, or asked for the return of his money. The public never grumbles at hon-estly and skillfully made bread, or at a medicine which really and actually does what it was made to do. The foundations of WAMPOLE'S PREPARATION

are laid in sincerity and honour, the knowledge of which on the part of the people explains its popularity and success. There is nothing to disguise or conceal, It was not dreamed out, or discovered by accident; it was studied out, on the solid principles of applied medical science. It is palatable as honey and contains all the nutritive and curative properties of Pure Cod Liver Oil, extracted by us from fresh cod livers, combined with the Compound Syrup of Hypophos-phites and the Extracts of Malt and Wild Cherry. This remedy is praised by all who have employed it in any of the diseases it is recommended to relieve and cure, and is effective from the first dose. In Anemia, Scrofula, Nervous and General Debility, Influenza, La Grippe, and Throat and Lung Troubles, it is a spe-cific. Dr. Thos. Hunt Stucky says: "The continued use of it in my practice, convinces me that it is the most palatable, least nauscating, and best preparation now on the market."
You can take it with the assurance of setting well. One hottle
proves its intrinsic value. "You cannot be disappointed in it." Sold by all chomists everywhere.

FOR HAIA

John Macgilliwray of Honohina is at present in the Hilo hospital suffering from an attack of typhold fever. Want None Else.

MAUI, July 16 .- The people of Hana district are strongly in favor of the appointment of Hon. W. P. Haia as their district magistrate. In fact they will be satisfied with no other appoint-ment. Hearing from Honolulu that it would be contrary to Section 11 of the Organic Act to place Hala in the office immediately, the executive committee of the Hana precinct Republican club, at a meeting held Thursday evening the 4th, decided to request that some other citizen be selected for judge temporarily until Haia's commission as representative shall have expired and at the expiration of his term as legislator to have him given the permanent appointment. Whom they would recommend for temporary judge was not given out.

Some of the Maul Republicans regret this action of the Hana people, believing that it will materially weaken the party slate in the coming November election

JAPANESE EXPECTANT.

For three weeks past the Japanese colony of Hamakuapoko plantation has been prepared to celebrate the fall of Port Arthur but the waiting has been in vain. The Japanese have stored up a large quantity of fire-crackers, small guns and other explosives, not to mention much sake and sundry Japanese viands appropriate for a grand oriental luau. They intend to keep high holiday-so it is stated-as soon as they her. It was quite the contrary with hear of the surrender of the Russian fortress.

NOTES.

The meeting of the Maui Racing Asociation falled to take place last evening at Walluku court house, owing to the lack of a quorum. All business was necessarily postponed until the next meeting called for August 5.

The league baseball game scheduled for the 10th at Wells' Park, Walluku, was forfeited to the Morning Stars by the Wailukus. The latter club was lacking several of its best players.

A party of young folk from Paia and Hamakuapoko spent last Saturday and Sunday at the Kailua camp of the Hamakua Ditch Extension Co., and were finely entertained by Geo, H. Baldwin, J. H. Reid, J. A. Foss, W. Dietz, Ed. Peck and Geo. Steele. In the party were Mrs. Peck, Misses Edith Alex-ander Eva Fisher, Harriet Austin. Sheffield, Olive Steele and Irene Alken, and Messrs, G. S. Alken and F. W. anultz. They describe the scenery along the ditch as most beautiful.

The steamer Kalulani made a special trip to Kahului on the 14th and brought a cargo of fertilizer and a number of passengers, some of whom will sail to-

San Francisco in the Nevadan, The steamer Nevadan will sail today for San Francisco, taking away 58,-000 bags of Maui sugar. By her will depart Miss Kate Kelley, Mrs. G. F. Bush and child, Messrs. Phillips, Chas.

Bellina and others. The Walakea (Kula) citizens have recently formed a Republican club of 28 members as a branch of the 9th precinct club. There is a project being considered of changing the polling place of the 9th precinct from the Ma-

kawao court house to the Walakon (Kealahou) school house. Edward H. Bailey of Makawao has just harvested fine crops of speltz hay, barley, oats and wheat. It was an interesting sight to view his Japanese laborers using flalls in threshing out the grain. The three flails in the hands of three men would swing together and strike the threshing floor almost simulaneously. Mr. Bailey next year will import an up-to-date threshing ma-

TUESDAY : : : : JULY 19

Delegate Kuhio is right in saying attentions. that a man in his official position cannot do much in one term and that usefulness must be gauged by longer service. A delegate or member is a freshman in his first year in Congress, whose chief business is to learn the If he really undertakes to learn them; if he attends strictly to business and makes himself as useful as he can, obtaining and keeping the personal respect and confidence of his fellowmembers, then he is certainly entitled to a re-election. By these tests the claims of the Delegate for re-nomination may be fairly judged. The friends who say he can meet them are framing good argument for his further employment.

letter from San Francisco to his paper, else are there so many men who cling to silk hats of vintage and fashion antedating in many cases the Comstock excitement," As one of the six (6) citizens of Honolulu who expose plug wounds and bruises inflicted hats to the tropic sun, on other occasions than masonic funerals and forays from the executive chamber to board warships Mr. Rhodes ought to be a connoisseur of that type of headpiece.

The expedition of Mr. Samuel Alexander and friends into Central Africa this Territory for the protection of in summer, seems to be an extrahazardous venture for elderly men. Mr. Thomas Gullek is the first victim Becky Kaluna's libel and the filing of and one cannot but fear that the mortality in such a party will be high. Travelling at any time in Central Africa is perilous and though the summer season is perhaps the most salubrious, the effect of fatigue and equatorial heat upon men not used to the country, inured to privation, is to be dreaded.

Delegate Kalanianaole has a West Point cadetship to give out and while if he chooses, he could add to his popularity by giving every lad in the Territory a chance, through a competitive The requirements of West Point are so student may hope to get through and in a general examination conducted by a board of teachers.

The next move is Great Britain's and if the Dardanelles affair really becomes acute a British fleet may seek its old anchorage near Tenedos,

ISLAND ADVERTISING.

In advertising Hawaii in the magazines it would be a good plan to include, in each presentment, a short and catchy extract from the writings, favorable to these islands, of some distinguished man. So far as we have seen, Mark Twain's magnificent tribute has not yet been printed in the magazines though it is worth columns of selflaudation. The world knows Mark Twain and respects his judgment in matters of travel as in matters of literature; but it does not know the Hawaii Promotion Committee which signs such pleasant testimonials to the land it lives in and where its interests

A little search will find a good many such advertisements worth repeating A suitable extract from Bishop Potter' article on Hawaii in The Century and from Miss Bird's book and a dozen other works of travel; here and there a few lines of verse from such poems as "Walkikl;" a paragraph from the late T. Dewitt Talmage's Hawaiian chapter of sightseeing, would answer a fine purpose in impressing tourists by outside testimony with the beauties and opportunities of Hawaii-nei.

A good word from a respected outsider about you is worth a hundred from yourself.

THE FEDERAL SENATE.

It is amusing to see how the minor Democratic organs figure out control of the United States Senate, a body in which the Republicans now have twenty-four majority. To get this prize they set down any State that they want as Democratic in its legislature. California, which the influx of northern settlers has made safely Republican, so far as its law-making branch is concerned, and generally Republican otherwise, is counted a sure thing. So is Connecticut, a manufacturing State which intends to keep itself protected and which the Democratic legislativ ticket has no more chance of carrying in a Senatorial year than it has the back country of Vermont. Massachusetts, the Republican Gibraltar, which we believe, has not elected a Democra to the Senate since the war, is also on the sure thing list. Of "doomed Republican majorities" that of New York-51 in joint session-is conspic-Governors it is hard to remember when New York had a Democratic Legislature; and for the enemy to get one in a combined Presidential and Senatorial year would require a miracle. Other States figured for are Wisconsin, North Dakota, Rhode Island, West Virginia and Washington though if one of them goes Democratic this year it will astonish the politicians of both parties.

The correspondents who went so blithely to Japan-and remained there -are stringing back, mostly critical of the treatment they received. Theirs is certainly a different experience from that of the correspondents in the war of 1894-95, who were almost hurried to the tront, so eager was Japan to have her new-found glories recounted to the world. Creelman, Villiers, Cowen, Legarre, Ganesco, O'Shea, Ward, Davidson, Lale and the rest were given all Mr. Hay's taciful recognition of has had a few of the native ants sting in action. But that was before the day the chance they wanted to see troops of wireless telegraph. The invention of that mysterious mode of aerial communication put all commanders by sea and land against the war correspondent and, in the belief of this paper, made an end of the business of reporting battles. It may be doubted that the next great war will see any reporters at the front or within the lines even.

Perhaps, in a ing Friday evening of the Republica few years, the violin will have the vogue lately enjoyed by the keyboard.

San Francisco now claims a population of 460,000 people. The figures are based upon the showing in the new city directory. According to the Chronicle, in this year's directory there are 187,160 names, exclusive of business houses. In 1900 the city directory contained 130,716 names and the United States decennial census of that year gave that city $_{\rm R}$ population of 342,782. If there were 131,000 men and widows there when the population was definitely known to be 343,600, then the committee today to attend to public works busi figures that now, with 187,000 names in the directory there must be all of 460,000 persons in the community. This in town for a few days attending to would mean that San Francisco has been growing at the rate of about 34. 000 a year, or nearly 3,000 a month, or almost 100 a day.

To Examine Moanalus.

Castle & Withington, representing the Honolulu Rapid Transit and Land Co., ler, have filed satisfaction of judgment addressed a letter to High Sheriff Brown yesterday requesting that Moanalua, the half witted Hawaiian, be examined as to his sanity. He is charged with abusing conductors and throwing stones at one while he was Bishop and Mrs. Restarick. turning the trolley at the terminus of Despite frequent Democratic the line. This is alleged to have occurred June 21st. The High Sheriff will proceed to act on the case at once.

Mrs. Wilcox Loses Her Gerrit Wilder Brought Suit Against Berrey.

In the case of Theresa O. Wilcox vs. Q. H. Berrey, damages for malicious prosecution of a civil suit, a unanimous opinion of the Supreme Court. written by Justice Hartwell, decides as follows:

"The exception to the denial of the motion to dismiss the complaint is sustained, the verdict is set aside and Berlin and Carisbad, who returns greatjudgment for the defendant non ob- ly benefited in health. stante is ordered, and the cause is remanded to the Circuit Court for that

C. W. Ashford appeared for plaintiff; T. McCants Stewart for defendant. The verdict for Mrs. Wilcox thus set aside was peculiar in the addition of a clause that cleared the defendant from malicious intent, the verdict read-

ing: "We the jury in the above entitled cause find for the plaintiff and against the defendant in the sum of \$159.60 damages, but we do not think that the defendant had any malicious intent."

Judge De Bolt, who tried the case, refused to set aside the verdict on neount of the opinion of the jury regarding intent, although in other cases afterward that incident led him to caution juries against adding com-ments to their verdicts. In one instance he mentioned this case, saying he might be overruled by the Supreme Court for giving judgment on such a verdict. Yet the opinion of the Su-preme Court leaves that question untouched, finding other reasons for upsetting the verdict.

A brief statement of the case is as follows: On March 17, 1889, the Hawaiian News Co. brought action in the Honolulu District Court against Theresa O. Wilcox on her promissory note for \$90, in payment for a plane, and obtained judgment in the sum of \$102.-10, but the note was kept by the com-Mrs. Wilcox afterward made payments aggregating \$45 to the com-pany on account of the judgment, but no entry was made on the record though each payment was endorsed upon the note. On April 12, 1901, defendant Berrey, acting as agent for the Hawaiian News Co., took from plaintiff's husband, R. W. Wilcox, his de-mand note for \$156.20 in settlement of the judgment balance and a debt of Wilcox's own to the Hawaiian News Co. Berrey obtained a judgment on this note for \$176.60 on May 10, 1901, in the Honolulu District Court

On September 13, 1901, Berrey procured from the Hawalian News Co. an assignment to himself of the judgment first mentioned, against Mrs. Wilcox alone, and on December 10, 1901, assigned that judgment to one Middleditch. As has been seen already this judgment had been paid and satisfied-partly by Mrs. Wilcox's instalments and the rest by her husband's note. Still Middleditch obtained a judgment on that judgment, in the sum of \$135.93, Fairchild, Agricultural Explorer, De-which on appeal was affirmed by the partment of Agriculture. All the way Circuit Court and an execution thereon was levied upon Mrs. Wilcox's prop-

resulted in making the plaintiff liable to pay the assigned judgment a second time, and that his acts were done "with malice and without probable cause and with intent to oppress and persecute this plaintiff through the forms of law."

In its opinion the Supreme Court sustains the defendant in holding that a motion to dismiss the complaint, is grown mostly in Florida. where an appeal was from the sustaining of a demurrer in the District Court on identical grounds, amounts to a demurrer in the Circuit Court on the trial of the appeal there.

A second finding is that the complaint in this case discloses no cause of action against the defendant if he had brought the suit on judgment him-

In the third place the court holds that "an action for malicious prosecution of a civil suit imperatively requires a termination of the suit in favor of the defendant." This is on the principle that "there must be an end to litigation," which might never be if a defendant losing a case could turn round and sue the plaintiff for malicious prosecution. In conclusion it is

"That this was neither an action for malicious prosecution of a civil suit, the suit having terminated in favor of its plaintiff; nor an action for malicious abuse of process, there having been no unlawful or unauthorized use of process; and that the complaint sets forth no actionable wrong."

following passage from the body of the decision tacitly suggests that Mrs. Wilcox was wronged in the business, if her case was truly stated, while intimating that she has not tak

en the proper course to obtain redress: the averments in this complaint this plaintiff had a perfectly good defense in law, if it was true in to the suit which the defendant brought against her. A purchaser of a judgment which has been paid, alwithout notice of the payment, is not immune from the defense of payment. He is not like a home fide for value or a purchaser of negotiable paper not overdue plaintill's recordy for future to make small her deferred of payment, whether he factor in taw is not by an article. for malicious pros-ration or for abuse of process of

CASE ENDS FOR HAWAII

Seeds From the East.

Gerrit P. Wilder, who went abroad last year in August bearing a specia commission from the Board of Agriculture and Forestry of Hawaii as its representative and with special permits from the Department of Agriculture gaining him unusual courtesies, returned yesterday from Europe. He was ac companied by Mrs. Wilder, who has spent the past three years in Paris,

It was the privilege of Mr. Wilder while abroad to visit the most beauti ful gardens in the European capitals and to inspect the giant/hot-houses which force growths during the winter

At Washington on his return home ward Mr. Wilder was also granted a commission as special collector for the department in connection with the forwarding of rare or fine specimens of mangoes in which Secretary Wilson is now especially interested in propagating. Mr. Wilder is a connoiseur or mangoes and some of the finest varieties are grown on his beautiful prem ises on Makiki Heights, Mangoes ar still a luxury in New York and only the wealthy have them. The mangoes come mostly from Florida. Mr. Wilder is of the opinion that Hawaii can easily go into the business of growing mangoes to be shipped during the winter months to New York and other eastern cities where the most prominent caterers would be glad to get them for their wealthy customers

ATE EMPEROR'S TOMATO.

Mr. Wilder visited the famous Kew Gardens in London and the great hot houses of Van Houte Pere of Ghent, There he found acres and acres of hot houses devoted to raising almost everything known in the temperate and tropical climes. The Van Houte gardens were a private enterprise and the products are sold the world over. In Paris he went over the Jardin des Plantes, where he was particularly pleased with the system of planting out and carefully labelling everything for the edification of the visitors. In Hamburg and Bremen he also found beautiful gardens, but it was reserved for him to see in Potsdam the finest gardens in all Europe. were the private ones of the Kaiser. To them he was given admission through the aid of the American Consul-General at Berlin. The head-gardener personally conducted him about the gardens and through the great houses, where the choicest of vegetables 1st day of December, A. D. 1902, is in tion therefor. and fruits are raised for the Emperor's tables. It was his privilege to eat a tomato which was intended to be sent that day to the Emperor's residence. He brought some tomato seeds from the Potsdam hothouses.

WILL RAISE MANGOSTEENS.

The principal treasure which Mr. Wilder brought to Honolulu are some mangosteen seeds which were given him in Washington by Mr. David G. over he took the utmost care of them and will plant them out as soon as they are released from Inspection by the are released from inspection by the Mrs. Wilcox afterward brought suit for malicious prosecution against Berfor malicious gosteens are not only a novelty but a luxury, and the fruit is sold in New York for \$1.50 apiece. The mangosteen is a hard, purple fruit looking much like the small russet apple, except it is purple in color. It contains much meat composed of a number of small sections. It is a tasty fruit, and there is con-

> In-arched mango trees propagated at Washington have been brought here by Mr. Wilder and will be set out shortly. The department is going into the mango business on a large scale and is endeavoring to propagate plants there that can be sent to all tropical American possessions. A bulletin is shortly to be issued by the Department on man goes and in this will appear photographs of sixteen different varieties col lected by Governor Carter and Mr. Wilder and taken to Washington by the latter. The bulletin will be devoted almost exclusively to mangoes as grown in Hawaii.

> Alligator pears are something which are attracting much attention in East. They sell in New York for \$1.25 apiece.

> A mango tree which Mr. Wilder planted five years ago on his premises is an example of what can be done with this fruit. The only remaining mange on the tree, after the small boy had plucked the remainder, was an exceedingly large one which the owner found the tree yesterday afternoon. It is as large as an average-sized papaya and is beautifully colored. It is a kind which Mr. Wilder said would easily sell

in New York for \$1.50. HAWAH HAS THE CLIMATE.

"I found that about everything that was being grown in European hot houses were things we have growing in the open in Hawaii," said Mr. Wil-der. "We have a superb climate for growing things naturally to be found in a trapical country and with attention we can do well with fruits. We have advantages too, in that we have no monkeys, no reptiles, no hirds to seems of and few inyects to bother our Frank!

CELEBRATED MANGOSTEENS PROF. BERNARD MOSES SAYS HAWAIIANS SHOULDN'T VOTE JOHN WISE IS HIS CAREER

SAN FRANCISCO, July 11 .- The enfranchisement of the natives of Hawaii with the full rights of suffrage when the United States accepted the islands as a part of the national territory is regarded by Professor Bernard Moses, professor of history at the Sixteen to One Man Consul Hoare Reliev-University of California and formerly a Philippine Commissioner, as one of the gravest political mistakes this country has ever committed. In a lecture before his class to-day at the university Professor Moses criticized severely the granting of the high privilege of suffrage to a class of people who had no conception of government in the sense obtaining among the educated masses of the

"No graver mistake was ever made than to give universal suffrage to the Hawaiian natives," said Professor Moses. "They were a more or less ignorant people, having little learning and no knowledge at all of civilized government. They had never had a political training and could not be expected to know the significance of the ballot. To trust them with the ballot was a very unwise thing from stein, who gave the assemblage a steamer for Victoria and will cross ballot. To trust them with the ballot was a very unwise thing from speech of the old-fashioned rip-snorting Canada en route to London, being on a the islands have the same view, for they know the condition better.

"All the internal troubles of the Hawaiian government are due to this mistake. The native and his sympathizers are in the majority, and the result is that the representatives they choose are not of the best. There is a bitter antagonism between the two classes in

"There is a sentiment in this country at the present time that one man is as useful politically as another. That is probably why the suffrage was given to the Hawaiians. If this equality is ever realized it will be the greatest historical event from the beginning of the world to the present time. It may be realized some time, but it is too early yet."-The Call.

MANDATE COMES FROM FEDERAL SUPREME COURT

Hawaii from the Supreme Court of the United States of America was filed in the office of the clerk of the Judiciary yesterday. Being an initial document of its class it takes on historic interest, and therefore is here given in full. It is upon the proprietary fisheries test case, Samuel M. Damon being plaintiff, and is as follows:

United States of America, 88: America,

To the Honorable the Judges of the Supreme Court of the Terri-ICrt. Seal] tory of Hawall,

Greeting: of the Territory of Hawaii before you or some of you, in a cause between and that the said plaintiff, Samuel M. Samuel M. Damon, plaintiff, and The Territory of Hawaii, defendant, wherein the judgment of the said Supreme Court, entered in said cause on the

> William Robert Hoare was born December 31, 1834. He was assigned as the office of the Consulate-General in New York from 1871 to 1882 and was acting consul at various periods between 1873 to 1880. He was appointed second vice-consul in 1882 and promet-ed to Consul in 1886. He was Acting Consul-General in 1887. He was transferred to Trieste as consul for the previnces of Dalmatia, Carniola and the Austrian Littoral in 1891, then to Brest. as Consul for the provinces of Finisterre. Morbihan and Cortes on Nord, 1892, Mr. Hoare was appointed Consul remained as such when Hawall became a territory in 1900.

CANNING INDUSTRY IN BOOMING STATE

The shipment of five tons of fruit to New York by a local cannery is a sign that the canning of fruits in Hilo is pretty apt to be a success. As one good turn deserves another the Hilo Agricultural Society has decided to go to work at once and arrange for a cannery of their own and it is said that the capital is about all subscribed. Hawailar pines grown in Hilo have a flavor of their own and when canned should bring a good price in the East. The Kona cannery is running on full time and the one at Walluku is doing its share of business. These belong to a new industry in this part of the Territory and the industry is destined & grow.-Hawaii Herald.

EIGHTH PRECINCT STARTS CAMPAIGN

The Executive Committee of the Eighth Precinct, Fourth District Republican Club, has issued the following circular to the Republicans of that aclive section of the city:

"If you are a Republican it is your privilege as well as one or your highest duties as a citizen to belong to and take an active part in your Precinct Club and it is with pleasure that the newly elected officers of this Precinct. all of whom are active and earnest workers, respectfully request your presence at the meetings to be held upon the following dates at the new Club Edward Knust, son of Adolph Knust, Headquarters on the Ewa side of Aireceased, and nominee of Frederick pai street, mauka of the Beretank street Pumping Station.

"Friday, July 22nd, 7:30 p. m.-Nom-ination of Delegates to the Territorias Primary Election to be held on Saturday, August 6th from 2 to 8 p. m. "The Headquarters will be open for

the enrollment of new members uz August 1st, 2nd and 3rd at the same hour.

"The meetings announced are important and it is earnestly requested that club in securing a Representative tickfor the nomination in convention of

Shipping Facilities Offered.

Captain Burnham of the American-Hawaiian Steamship Co., who was a visitor to Maui on the Nevadan, offers encouragement to all who desire to make experimental shipments of minor products to the coast. Low rates and increased facilities for shipping are offered, and to his offer much of our future success may be due in building up minor industries - Maui News. ***

THE DEER DEFENDED

Stated That They Do Not Kill Trees.

WAILUKU, July 16.-The Maul News

Tax Collector George Dunn of Lahaina, who in his official capacity for that department, is a periodical caller en Molokai, which is part of his tax-ation district, is authority for the statement that the deer of that island, which are blamed for the destruction of the young forests and for which efforts are made to reduce their num-bers by hunting them, do not destroy

trees and under shrubbery.

He lays the blame to the cattle which are permitted to graze at large, and cites as an incident to substantiate this, m large tract of land which has been Senced in with ordinary wire and in which deer are allowed to roam but the eattle kept out. A healthy young forest of Koa trees has sprung up since the erection of the fence, while without the ground has been stripped of its werdure of tree shoots and ti leaves wotil it is as bare as a well kept street. NEW PINEAPPLE CANNERY.

July 1, 1904, will always be a day to be remembered in the Haiku district and a red letter day with the Haiku Fruit and Packing Co., as on this day the fine machinery necessary for the canning of pines and the can-making plant turned out a full day's product successfully, and highly satisfactory to Manager W. A. Baldwin.

The Haiku Fruit and Packing Co. control, ten acres of which are now an plant at an elevation of 700 feet and are rapidly maturing, while the other ten is being planted as rapidly as posmable, 9000 to 10,000 planted to the acre, thus insuring them a sufficient quan-tity for introductory purposes, al-**2hough** it is the intention of Manager Baldwin to place their product on the Socal market first.

Aside from the twenty acres now in plant, Mr. Baldwin is encouraging farmers further up even to an elevation of 1700 feet to plant independently, the cannery being willing to take their crop at a figure which will warrant continmous planting and still leave a margin

for the Packing Company.

At the present time some fifty thouand pines are available and being canned, as rapidly as they ripen, which

about every other day. Mr. Baldwin believes that with the superior quality of the Smooth Cayenne as grown in Hawaii he will have a steady market on the Coast so soon as they are introduced, as satisfactory arrangements for transportation from Haiku to Kahului have been made which will permit of the "Royal Ha-walian" brand being placed on the market at a figure by which it can compete successfully with the California canned product.

C. Windsor, superintendent of the Pearl City Fruit Co.

PUUNENE ATHLETIC ASSOCIA-TION.

The Puunene Athletic Association met on Monday evening for the purpose of making definite arrangements or the field day to be given annually at Kahului on August 12. J. N. S. Wil-Mams is chairman, and G. B. Hendermon secretary.

The committee on sports presented a program to consist in part of polo, haseball, tug of war, sack races, foot races, putting 12-pound shot, putting 18-pound hammer, Japanese wrestling. entching greased pig, climbing greased

The Puunene baseball team have challenged the Morning Stars, and the latter have signified their acceptance provided they are not playing a return game in Honolulu on that day, in which case an all-Maul team will play the Puunene team.

The committees for the twelfth are: Arrangements-William Walsh, R. W. Filler, E. F. Deinert, F. A. Mayfield and G. Amudsen. Program-William Searby, H. B. Weller, J. J. Corell, James Kirkland, George Mayfield, James B Thompson, Dan Quill. Captain Track Team-Wm. Lougher. Captain B. B. Team-G. B. Henderson.

The H. C. & S. Co., the Maul Ag. Co., the K. R. R. Co., the Kahulul Store and others have offered to contribute prizes for the various contests.

BY DANIEL LOGAN.

Two notable events occurred at the end of the week. The first was a meeting of the Honolulu Merchants' Association, at which there was earnest discussion and promotion of the cause of cheaper first-class passenger transportation between Honolulu and San Francisco. It is a sign of distinctive advancement in itself, that the merchants of Honolulu, as an organized body, are found working on the proposition that the superb climate, natural phenomena and scenic beauties of Flawaii are assets to be systematically developed as surely as its fecund soil and unique commercial situation.

In connection with this question of improving the steamship communication with the Pacific Coast, the writer has been asked the past week for his views on the propriety of seeking a legislative subsidy or subsidies to promote the object. Such a thing would seem to be in order for consideration only as a last resort, and then to be regarded as of very questionable wisdom. At least the subsidizing policy would be experimental and speculative. In the present state of Territorial finances there is no room for public enterprises involving hazard of expending revenue from which substantial public benefit might not be returned The practical solution of the problem appears to lie in the furnishing of freightcarrying business for steamers of a class that would attract passengers. If it is hopeless to expect that the business concerns having control of the shipment of sugar might be induced to use their power in that regard for the moderating of passenger rates, then the united energies of the general mercantile interests will have to be applied to the object of creating a freight traffic large enough either to command the respect of presently operating transportation companies or to offer them competition that perforce they will heed.

Hilo, in this regard, is now on the right track-whether with or without a full realization of the fact does not matter. The members of the Hilo Agricultural Society may be building better than they know, but in their efforts to create an export trade out of their port in fresh and preserved fruits they are taking the first practical step toward bringing about a new era of steam communication between Hawaii and the Pacific Coast. With a continuation of the ratio of progress in that direction achieved within a few months past, a strong imagination is not necessary to foresee within a few years, two or more steamers of larger and better class than the pioneer vessel on that route. It would not be a great wonder if such a consummation came about while the Honolulu merchants were grasping at the doubtful relief of public subsidies for a condition grown worse than that now felt at the chief port of the Territory. The prospect for Hilo in this matter must be greatly improved through the opening up of more back country by the Kohala-Hilo railroad, construction of which is to begin next month.

Diversified industries are undoubtedly to be considered as part and parcel of the ocean transit problem. Comparison of steamer fares between Atlantic ports and the West Indies with those between here and San Francisco has often been made to the disadvantage of the latter. Doubtless one of the chief factors in reasonable passenger rates out of New York and Boston to the balmy shores of the Gulf and the Antilles is the competition of fruit-carrying lines.

SUGAR FACTORS UNITE.

The second important event, to which reference has been made, is the in-corporation of all the large sugar-exporting houses of Honolulu excepting W. G. Irwin & Co., Ltd., into a limited liability company. Articles of association of the Sugar "Factors Company, Limited," were filed in the office of the Treasurer of the Territory yesterday. From the original papers an abstract of the charter, with other information, is here given. The petitioning incorporators are H. A. Isenberg, T. Clive Davies, C. M. Cooke, E. D. Tenney, H. P. Baldwin, F. A. Schaefer, and Walter, E. Dillington.

Schaefer and Walter F. Dillingham.

While the principal office shall be situated in Honolulu, there may be such subordinate or branch offices in such place or places within the Territory or elsewhere as may be deemed requisite or necessary by the directors for transacting the business of the corporation.

The capital stock of the corporation shall be three million dollars (\$3,000,000), divided into thirty thousand (30,000) shares of the par value of one hundred dollars (\$100) each, with the privilege of extension of the capital stock to ten million dollars (\$10,000,000). Extensions of the capital stock may be made by the directors, acting under authority of special resolution passed at a stockholders' meeting at which there shall be represented and voting in favor thereof at least two-thirds of the shares issued of the capital stock. In a similar way the capital stock may be reduced from time to time to an amount not less than \$500,000. When extensions are authorized the increase of shares shall first be offered to the then stockholders in proportion to the respective number of shares held by each at the time, unless otherwise provided by the meeting of stock-holders authorizing such new issue.

The officers shall be a president, vice president, secretary, treasurer and auditor, and such other officers, including one or more additional vice presidents, as may be provided for in the bylaws of the corporation. The board of directors shall consist of not less than seven nor more than eleven persons, and shall be elected by the stockholders. Such directors shall elect the president and vice presidents from their own number. The secretary and treasurer shall be appointed by the board of directors, but they need not be directors, and they shall hold their respective offices at the pleasure of the board of directors. The auditor shall be elected by the stockholders. The officers and directors of the corporation need not be stockholders. The officers and directors, excepting the secretary and treasurer, shall hold office for the term of one year and thereafter until their successors shall be chosen,

The directors for the first year shall be: H. A. Isenberg, T. Clive Davies, C. M. Cooke, E. D. Tenney, H. P. Baldwin, F. A. Schaefer, Walter F. Dilling-

All elections by stockholders must be by ballot and the charter authorizes

both proxy and cumulative voting.

The board of directors shall have exclusive charge, control and management of the business affairs and property of the corporation, subject only to the direction of the stockholders as expressed in the bylaws of the corporation. Regarding the purpose and objects of the corporation the following provisions

condensed from the charter, excepting where given in full as indicated by quotation marks: "To do the business, as brokers or otherwise, of buying, selling and refining

sugar and of land and marine transportation thereof, and the transacting and going of all such matters and things as shall be conducive or incidental to the said purpose and objects or any of them."

To enter into partnership with one or more Hawaiian corporations for the furtherance of common objects. To acquire and deal in all kinds of property, including the stocks and bonds of other corporations not to exceed, at any one time, three times the capital stock of this corporation, and generally to exercise all the rights, powers and immuni-

ties which are now or may hereafter be conferred by law upon joint stock com-"All or any of the said acts, purposes, objects, powers, privileges and immunities, set forth in these articles, may be done, accomplished, exercised, performed and enjoyed within the Territory of Hawaii and such other state, territory or country as may appear to be for the best interests of the corporation."

It is provided, that: Except with the approval of the owners of two-thirds of the capital stock of the corporation, no person, co-partnership or corporation shall hold or own

any shares in the corporation, saving only such as are producers of sugar and who have contracted or shall contract to sell the same to or through the corporation, as such corporation shall elect."

Further, that any stockholder desiring to sell shares, or ceasing to produce

sugar, or failing to contract to sell; or any person, co-partnership or corporation not qualified to hold stock in it shall come into possession of the corporation's stock through sale or execution, or foreclosure, receiver's or bankruptcy assignee's sale; then "such person, co-partnership or corporation shall offer to sell and de-liver such shares so acquired to the corporation and shall sell the same thereto if

The directors shall appraise such shares. In case of refusal to sell when requested, legal proceedings will be employed for the party's compulsion. If the corporation shall not within thirty days take the shares and pay the appraised price and the dividends due thereon, the holder or owner shall be at liberty to sell o any person or corporation, or to retain the shares until the corporation may desire to purchase them.

The term of the corporation's existence is fifty years. Three-fourths of the shares have been subscribed for and ten per cent, of the capital has been paid in, the charter share list being as follows:

H. A. Isenberg. T. Clive Davies. C. M. Cooke. E. D. Tenney. H. P. Baldwin. F. A. Schaefer. W. F. Dillingham.	503,800 225,600 373,300 450,100 476,100 97,300 123,800
Total	follows: resident, resident, resident, seretary, sasurer

An explanation to the Advertiser contains the following observations, throw ing light on the motive of the organization;
"It is understood that eyes thirty-five of the plantation companies are stock-holders in the new company, and the tornings represented by the organization

is in excess of 340,000 tons. During the past two years the planters of the Islands have been arranging their freighting, insurance, etc., by having committees ap-pointed to negotiate contracts, all sugars receiving benefits in proportion to ton-The planters have been so successful in reducing expenses in these directions during the past two years, that a merging of all the sugars of the Islands has been proposed, with the view of reducing expenses in these and other direc-tions. A combination of this kind has been talked of for the past fifteen years, and it is a source of gratification to the stockholders of the different corporations that it has at last been accomplished.

STOCKS, ETC.

Remarks on Stock Exchange price lists in previous issues have been discussed at the board. It is explained, for the benefit of inquirers, that the brokers of the Exchange are entirely controlled by orders. They cannot therefore report higher or lower figures than are mentioned in their orders. With regard to the case of Pioneer stock mentioned last week, it was not a member of the Exchange who offered to buy a certain holding at \$85. It was an outside broker having an order for Pioneer with a limit enabling him to make the offer reported. Cliques for raising or depressing stocks are declared to be unknown as yet in the Honolulu Stock and Bond Exchange.

the Honolulu Stock and Bond Exchange.

The banner sale of the week was 400 Oahu Sugar Co. at \$86, negotiated by Halstead & Co. A sale of 28 Ewa Plantation Co., at \$20 was the next largest. Kahuku, Paia and Haiku bonds sold at par, and Rapid Transit bonds at \$105. Ten shares of Inter-Island Steam Navigation Co., sold yesterday at \$110, which was a jump, the last previous sale reported having been at \$95. Inter-Island pays a regular monthly dividend of one per cent. and it is said that if all its fleet were eliminated, the company's assets in building and merchandise ashore would stand good for 90 per cent. of the capital stock. Wilder's Steamship Co. also stands particularly well in financial reckoning, its latest balance sheet being also stands particularly well in financial reckoning, its latest balance sheet being reported as showing a goodly amount of cash on hand without a dollar of debe outstanding. Its stock yields eight per cent, per annum.

Real estate is unchanged. A new building and loan association is reported. also stands particularly well in financial reckoning, its latest balance sheet

as being in process of organizing, with a canvasser in the field for stock sub-

scriptions. Casual observation upon the street would indicate a dull week in retail trade. Enormous outstanding indebtedness to some large retail houses is reported in current conversation, there being single cases in which the book account credite take five figures to show the total.

and "Queen's Gambit Declined" (game

The games have been opened on these lines and, of course, will very soon develop original play as the two clubs

Death of Mrs. Hillebrand.

A venerable member of the American missionary community passes in the death of Mrs. J. E. Hillebrand, at the home of her daughter, Mrs. A. C. Alexander, College Hills, on Sunday. Mrs. Hillebrand was a daughter of the late Rev. Artemus Bishop, one of the first band of missionaries coming here from New England about 84 years ago, and a brother of the Rev. Sereno E. Bishop, LLD., of this city. She was born at Kailun, Hawaii 79 years ago. After some years spent abroad, she returned about a year ago to her native isles. Besides her brother and her daughter already named, she leaves another daughter, Miss Helen L. Hillebrand. Funeral services at 3 o'clock yesterday conducted by the Rev. O. H. Gulick.

Shipping Notes.

The schooner Charles Levi Woodbury is now at the Irmgard wharf unloading

The schooner Ada will sail for Kahului, Hana and Eleele at 8 o'clock this morning. The U. S. S. Iroquois sails today for

Maui where Captain Niblack will inspect lighthouses, The schooner Mol Wahine brought up 1700 bags Kohalalele sugar from

Hamakua Sunday night. Captain Niblack has received orders a wireless telegraph station at Ka-

The gunboats Vicksburg and Annaarrived at Mare Island from the Ori-

ent. The schooner Kawailani will away for Koolau ports at 2 o'clock this afternoon. She carries freight for Punaluu and Kahana

Chief Yeoman White of the Naval Station has received a cablegram from Port Angeles announcing the arrival of the gunboat Wheeling from this port.

T. J. Keeney, an officer on inter-island steamers and master of the schooner Julia E. Whalen at the time she was wrecked on Midway Island, is fourth officer on the Korea.

The waterfront is to be further im proved by the extension of Smith street from King to Queen through the Iron Works property. This will give better access to the wharves.

Beware the Reckoning.

A few prominent young men of Maui are dallying with the home rule Deli-lah, under the belief that a nomination will be equivalent to an election this fall. Maybe it will, but no young man of intelligence, who hopes for a future here, can afford to oppose the best interests of all concerned by lending his name to the home rule cause. The brains of the Island will eventually control, and those who expect anything in the future should bear this in mind.

Sugar On Kauai.

Purser Friel of the steamer W. G. Hall reports the following sugar on Kauai for shipment: S, K, M., 4000 V, K. 700; W., 300; Mak., \$200; G, & R. 1200; H. M., 1900.

NEW YORK REFINED-Quotation 4.85c, net cash in barrels, equivalent to 4.80c, net cash in bags, established May The moves here set forth are the 24th, continued in force until June 7th, opening skirmishes in the two games on which day a decline of five points and represent "Ruy Lopez" (game A) occurred, followed by a corresponding advance of five points June 23rd, and again followed by an advance of five points June 28th establishing on that date a price of 4.90c, net cash in bar- 10%c. rels, equivalent to 4.85c, net cash in bags. Since that date no further has occurred.

LONDON CABLE-July 1st quotes Java 96 degrees test 10 414; fair refining, 9 4%; same date last year, 9.3 and 8 1½ respectively. August Beets 9 5½ against 7 9%-corresponding period previous year

LATEST STATISTICAL POSITION -Willett & Gray report U. S. ports in all hands, estimated June 29th, 205,996 tons against 318,227 tons-same date last year. Six ports Cuba, estimated June 28th, 151,000 tons against 340,740 tons-same date in 1903. United Kingdom, estimated June 25th, 106,000 tons against 110,664 tons-same date previous year. Total stocks in all the principal countries, by cable June 30th, at latest uneven dates, 2.523,996 tons against 2,852,631 tons—corresponding period previous year; decrease from last year, 328,635 tons. Sugar crops of the world total cane sugar production (W. & G.) 4,275,338 tons against 4,144,-453 tons—same date previous campaign. European Beet sugar production (Licht) 5,850,000 tons against 5,552,167 States Beet sugar production (W. & G.) 208,135 tons against 195,463 tonssame date in 1902-1903. Grand total Cane and Beet sugar, 10,333,473 tons against 9,892.083 tons; estimated increase in the world's production, 441,-

390 tong. EASTERN AND FOREIGN MAR KETS-The firmness in the raw sugar market, to which we called attention in our previous circular was shortly followed by a reaction in the direction of lower prices. Statistically the post-Captain Niblack has received orders tion of sugars continued sound but to make an inspection of the site for nevertheless the sharp decline observable at this juncture in European beets reflected adversely upon market on this side and buyers for the time being assumed an attitude difference, resulting in the establishment of a lower range of prices, which sellers in some instances were disposed to grant rather than place their offerings in store. The rapid reductions in the price of London beets have been ascribed to the anxiety of speculative interests to realize on their holdings but it was thought in some quarters that the fears entertained that the reduction in best sowings might turn out to be much less than originally estimated by Mr Licht, contributed in great measure to bring about an adverse tone to the market. Coincident with these unfavorable features, refined was in poor demand, but latterly an improvement, in this regard, accompanied a return to more seasonable weather conditions.

A more healthy tone to the raw sugar market succeeded the period of temporary depression and European beets likewise displayed an improvement, refiners again entering the market on a large scale, the effect of which has been to check for the time being, the importers which the market had acquired from the large transactions consummated at this period, while the raw sugar market closes quiet prior to the holidays, according to latest mail advices from New York under date of the 1st inst.

Refiners are reported to have purchased recently 15,000 tons of beet suOrleans Latest advices from Cuba, after calculation of sugars sold, are to the effect that perhaps not over 80,000 tons of unsold sugars remain available for export, the greater portion of which concentrated, in the estimation of those fully conversant with the situation, in the hands of a few, financially equipped, unless prices advance considerably, to keep their holdings out of the market until very late in the sea-

son. Java sugars, which have sympathized with the periods of depression and improvement manifest elsewhere, now show an upward tendency, shipments in June per steamer to United States amounting to 45,000 tons, as against 43,000 tons in same month last year. The weather in Java has been unfavfor shipping, owing to rains.

CHARTERS-Nothing done for grain for some time past. A spot vessel was taken for merchandise last week to loas next month at 20s Liverpool, 21

3s London direct.

Nothing done for new crop loading either here or at the North, as it is reported that a large number of British, German and French ship-owners have entered into a combination to maintain rates from this ocean to United Kingdom or Continent for sall tonnage, and the minimum rates range from 22s 6d from the North.

Lumber freights are inactive and easier. We quote Sydney 30s to 32s 6d; Melbourne, Adelaide or Port Pirie 35s to 37s 6d; Valparaiso orders Pisagua Nevadan, to sail July 29.

Range 35s to 36s 3d. EXCHANGE-London demand, \$4.87-%; sixty days sight, \$4.85%; New York regular, .07%; Telegraphic, .10,

COFFEE-Stock of Hawalians in first hands today is 2275 bags. quote: Fancy 13c to 14c; prime, 114c to 124c; good, 19c to 11c; fair, 8c to 9c; inferior, 6c to 7%c; peaberries, 9%c to

A small business has been done Hawkiians since Mag 25th dealers being well supplied through the heavy deliveries of the previous month. note no change in values, but it is difficult to market the higher priced coffees at quotations. This applies to Central Americans as well, and some holders of these have lately accepted bids of 3-4c-under, on coffees previously held at 13c to 14%c. We do not see that this has in any wise affected the position of Hawalians, as the Central American basis was largely fictitious for these. The call is for coffee at under 11c, and June business was good, especially for 7c to 9c sorts, the de-mand keeping fairly abreast of the Brazil reports inclement weather, rain in some sections frost in others. The first will retard the picking, the latter may lessen the crop,

We quote the market quiet. RICE-The Southern rice market is badly demoralized, owing to last crop being a heavy one and prospects of another larger one this year. The season begins about October 1st. Over anxiety to sell present holdings is distons-same date previous year. United played, and offerings are below cost of production. A good Domestic Japan an be had for 3c f.o.b. Long-grained Louisiana is worth 3c to 34c, according to quality. Imported Japan brings 4%c, duty paid.

gar in Europe for shipment to New May 26-Stmr. Sonoma. Honolulu and HARVARD'S ASTRONOMER TO STUDY OUR CRATERS

CAMBRIDGE, (Mass.), July 3.—Professor William H. Pickering, Harvard's eminent astronomer, who has made such important discoveries recently in connection with lunar formations and variable stars, has started on a trip to visit the volcanic regions of Hawaii and the Pacific Coast with the intention of making an exhaustive study of volcanic craters and a comparison with his observations on lunar craters.

He will stop at the Lowe Observatory on Echo Mountain, near Pasadena, where with a clear atmosphere he will be able to study closely Eratosthenes and Plato, two lunar craters. He will then spend a month in Hawaii, carefully examining Kilanea, Manna Loa, Mannakea and Halezkala. On his return he will visit the Yellowstone geysers for study.

VESSELS UP AND LOADING. Sailing Vessels for Honolulu-Geo

urtis and W. H. Dimond. Steamers for Honolulu-Sierra, to sail July 8th: Alameda, to sail July 16th;

Yours faithfully WILLIAMS, DIMOND & CO.

(Continued from page 1.)

As it was my expenses on this trip only goes to show what representation can do for the country. I was received well everywhere and much interest was herself. manifested in Hawaii.

"The financial argument which I presented everywhere, gotten out under the auspices of the Board of Health, was somewhat convincing, and indicated that the Territory was asking Federal aid not as a favor, but as a right.' Dr. Cooper took in the Exposition on the way home.

Angora Goats Advocated.

A shipment of Angora Goats to Maul should prove a paying investment. There are now thousands of wild goats of inferior breeds in all parts of the Island, which are of but little value, either for their pelts or meat. The Angora goat is a hardy animal, peculiarly adapted to the higher regions, and its meat and wool are both valuable. Whether they would prove destructive to the forests if allowed to run wild is a question, but there are many ranches where they could be kept confined, and as their food is browse, they could be raised profitably.-Maul News.

COMMON PROPERTY

Public Praise is Public Property — Honolulu People May Profit by Local Experience.

Grateful people will talk. Tell their experience for the public

Honolulu citizens praise Doan's Backache Kidney Pil'... Kidney sufferers appreciate this.

They find relief for every kidney ill. Read what this citizen says: The Rev. J. Nua J. Kawalahao informs us:

"I suffered from kidney trouble which was, I believe, caused by my lifting heavy weights whilst young. Pains in the small of my back were one of the symptoms of my complaint. My trouble extends back to the time when I was 28 years of age, and as I am now 49, that is a considerable period. During all this time I was subject to pains in the back. They con-tinued despite the fact that I consulted several physicians and took numer ous remedies. No relief thus gained can be compared to the benefit obtained from using Doan's Backache Kidney Pills. I have got on wonderfully well since taking them. I am quite satisfied with the result, and shall always have some of the pills by me, even when going from Honolulu to other missionary fields in the South Pacific. There is no other remedy like Dona's Backache Kidney Pills for kidney complaints, incluing backache." Doan's Backache Kidney Pills are sold by all druggists and storekeepers at 50 cents per box (six boxes for \$2.50), or will be malled on receipt of price by the Hollister Drug Co., Honolulu, wholesaie agents for the Ha-

FORECLOSURES

wallan Islands.
